

EVAN OHEMI

Frontend Developer

Lagos, Nigeria | ethaanfroost@gmail.com | [LinkedIn](#) | [GitHub](#) | Portfolio: [add URL]

SUMMARY

Frontend Developer with hands-on experience building responsive, high-performance web applications using React, TypeScript, and Next.js. Translates business and design requirements into scalable, component-based solutions, collaborating with cross-functional teams to ship reliable, user-focused products.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), TypeScript, HTML5, CSS3, React.js, Next.js

Practices & Tools: Responsive Design, Component-Based Architecture, Accessibility, Performance Optimization, Git, Vercel

EXPERIENCE

Frontend Developer (Remote) — Numro, Oxford, UK

March 2026 – Present

- Collaborate remotely with the Lead Engineer and UI/UX Designer to deliver a complete marketing site revamp, translating Figma designs into responsive Next.js interfaces using Tailwind CSS.
- Partner with product and design stakeholders to translate business requirements into scalable frontend solutions.
- Develop and optimize responsive, public-facing pages while implementing a shared design system across desktop and mobile.
- Build reusable UI components adopted across multiple pages, improving design consistency and reducing duplicated.
- Contribute through a Git-based development workflow, participating in pull requests and code reviews before deployment.

PROJECTS

Storefront — Furniture E-Commerce Platform (Next.js, React, TypeScript)

- Built a responsive e-commerce platform with reusable React components and TypeScript-based logic, optimizing layout and navigation for desktop and mobile.

Forkify — Recipe Discovery Application (JavaScript, HTML, CSS)

- Built a recipe search app with dynamic data rendering and interactive UI, fully responsive across screen sizes.

EDUCATION

B.Sc. Ed., Biology Education — University of Ilorin

2021

CERTIFICATIONS

Complete React, Next.js & TypeScript Projects 2025 · The Complete JavaScript 2025 · Understanding TypeScript · Build Responsive Real-World Websites with HTML & CSS (Udemy)
